

Name: Chris Phebus
Current Role: GM EED Quality Improvement
Time with GE: 10 years

Chris joined GE in 2001 with GE Aviation in Lynn, Massachusetts. He worked in the Engine Systems Design and Integration (ESD&I) team as the High Pressure Turbine Module owner in small commercial engines. He later moved to Cincinnati, where he worked as turbo-machinery leader in Product Support Engineering.

Chris joined GE Energy in 2007 as a Master Black Belt. In 2008 he was named to his current position as General Manager, Engineering Quality Improvement for the Energy Engineering Division (EED). In his present role, Chris manages the EED Quality Improvement department and is responsible for leading change and driving process excellence across the engineering organization.

Chris holds a BSME from Clemson University, and a MS in Technical Management from Embry Riddle Aeronautical University. Following college, he worked for Pratt & Whitney in the military engines division on component design improvement.

Chris is married to Pamela and they have 2 children ages 10 and 14. He lives in Greenville, South Carolina. When he's not working, Chris enjoys spending time with his family, golfing and snowboarding.
